EXPERIENCE

Full-Stack Developer Intern

Code Alpha , Lucknow U.P

June 2025 – July 2025 Remote Internship

- Designed and developed a full-stack e-commerce application with secure user authentication, dynamic product listings, shopping cart, and order processing using HTML, CSS, JavaScript
- Implemented end-to-end application workflows including user registration/login, product detail management, and checkout flow, gaining hands-on experience in RESTful backend development, database modeling, and frontend-backend integration.

Web Development Intern

Prodigy Infotech, Mumbai , India

July 2024 – August 2024 Remote Internship

- Created a real-time Weather App using HTML, CSS, JavaScript with live API integration.
- Implemented location-based search, dynamic UI updates, and error handling.
- Focused on responsive design and efficient API data processing.

PROJECTS

Quiz-App

August 2025 Chennai, India

- Built a technical quiz app with programming language selection, multi-level difficulty (Beginner–Advanced), real-time scoring, and performance analysis.
- Used clean code practices and reusable components to improve maintainability.
- Integrated client-side validation and state management for seamless quiz flow.

EduNexa

November 2025 Chennai, India

- Implemented AI-generated aptitude coding questions with automated evaluation using Gemini AI.
- Built role-based access control for Students, Faculty, and Admin using Firebase Authentication.
- Integrated Google Calendar API for automatic event scheduling and reminders.

HACKATHONS

Raksha-App

December 2025 Thirunelveli, Tamilnadu, India

Built an AI-powered SOS app with real-time GPS tracking and smart emergency routing.
Automated emergency dispatch using live traffic and nearest-responder logic.
Designed dashboards for real-time monitoring and faster rescue coordination.

ABOUT ME

Pre-final year IT student with a software development and problem-solving. Experienced in building real-world projects using modern programming languages and web technologies. Known for quickly adapting to new technologies, transforming ideas into functional solutions, and actively contributing to collaborative projects. Aspires to create scalable, user-centric software solutions that solve real-world problems.

TECHNICAL SKILLS

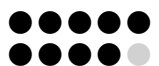

DSA JAVA ReactJS MongoDB
Git SQL

STRENGTHS

Leading Team Problem Solving
Willingness to Learn Flexibility
Self-Motivation

LANGUAGES

Tamil
English

EDUCATION

B.Tech Information Technology
R.M.K Engineering College

2023-2027

CGPA-8.22

Higher Secondary School-12th

2022-2023

86.67

Secondary School-10th

2020-2021

100
